

# Columbus Metropolitan Club

## Mission

CMC's mission is to connect people and ideas through community conversation.

## What We Do

On most Wednesdays, CMC presents a luncheon discussion featuring a topic of current interest to the local community. CMC has more than 1,100 members, but anyone is welcome to attend the forum events. Visit [www.columbusmetroclub.org](http://www.columbusmetroclub.org) for videos of past forum and upcoming topics.

## Impact

CMC is a catalyst for community conversation. CMC's interactive forums are civil, relevant and open, offering members and guests the change to become more involved and knowledgeable about issues influencing the Columbus region.

## Special Event for New Faculty

CMC hosts an annual event at COSI for new faculty from area universities to welcome them to Columbus and share what Columbus can offer beyond campus.
